

Donaldson Delivers
**Filters, Exhaust and
Accessories for the
Oil & Gas Industry**

The Toughest
Protection for the
Toughest Job

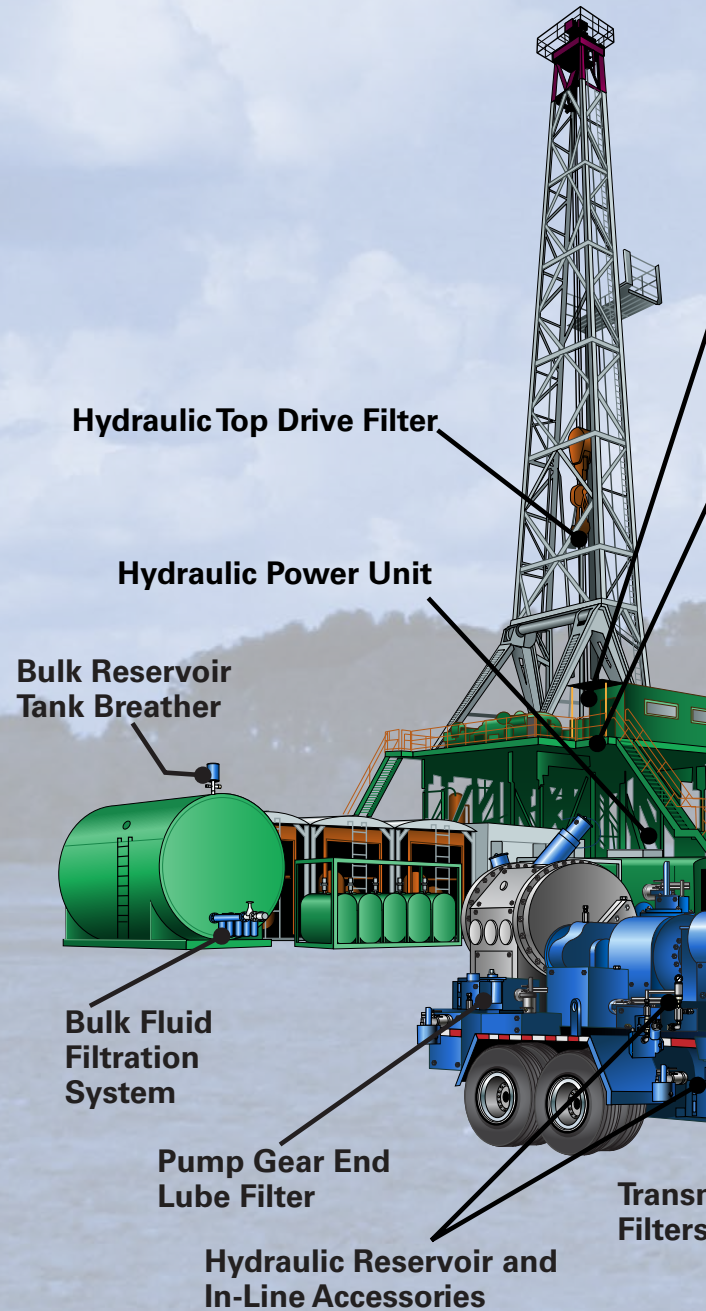

Hardworking Filters for Your Entire Operation

From fracking equipment to turbines, company vehicles to bulk fluid storage, Donaldson offers comprehensive replacement product coverage for virtually everything with an engine – and some equipment without – on an oil and gas jobsite.

Get the most out of your exploration, extraction and transportation equipment while lowering your operating expenses with Donaldson Filtration Solutions – available anywhere, for almost anything.

If you use it, Donaldson protects it

- Seismic machinery
- Well-servicing equipment
- Fracking equipment
- Bulk fuel and lube storage and delivery vehicles
- Power generation equipment
- Turbines
- Transportation vehicles
- Company transportation

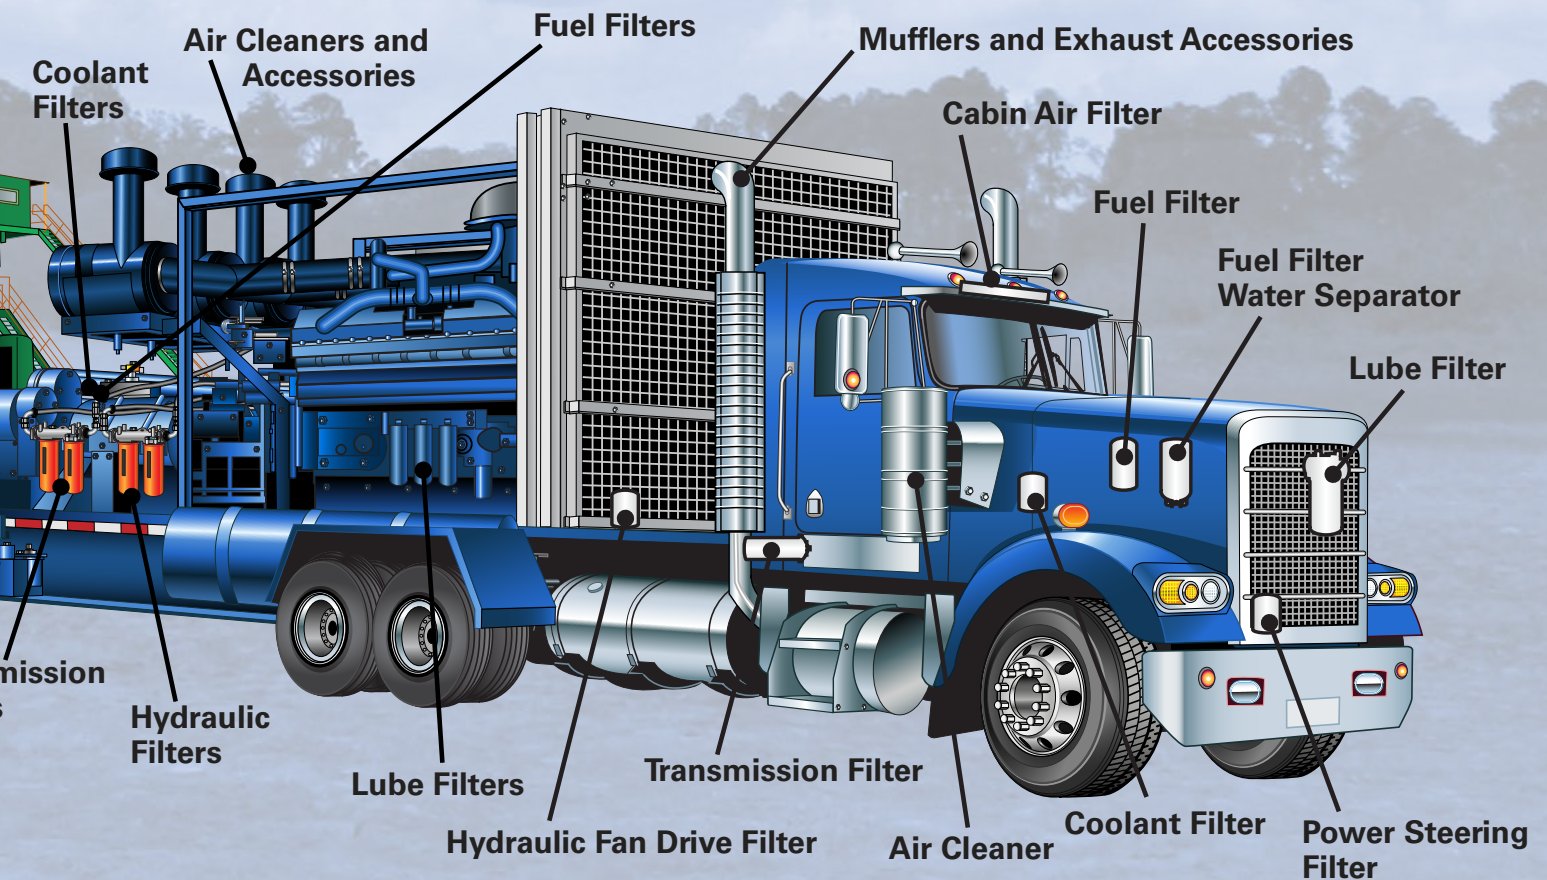

Donaldson Delivers

filtration solutions for your entire operation

Filtration Products for Every Part of Every Vehicle

Air Filtration

Today's high performance engines and tougher emissions standards demand higher-performing air intake systems.

PowerCore® PSD14 with built-in pre-cleaner for greater airflow requirements. Two-stage air cleaners are ideal for harsh and dusty environments.

Air cleaners
Donaldson filter media is specially formulated to better trap dirt, dust and soot before they reach your engine.

Replacement filters
Donaldson delivers better protection for heavy-duty off-road equipment with Donaldson Blue™ filters or PowerCore® filtration technology.

TopSpin™ HD is ready for the harshest off-road conditions. Our pre-cleaners are designed to extend air cleaner life by preventing larger particles from reaching the filter.

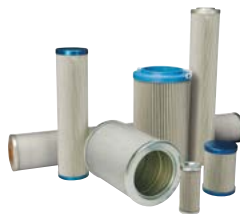

Hydraulic Filtration

Performance under any pressure. Protect expensive hydraulic components with Donaldson's complete line of spin-on, cartridge-style and in-tank hydraulic filters.

Duramax®
Low, medium and high pressure housings and filters, including Donaldson Duramax®, to protect machinery and hydraulic components in hundreds of heavy-duty equipment applications.

Cartridge style DT filters, using Donaldson Synteq™ media technology, help extend the life of heavy duty equipment.

Replacement cartridges for Pall® Ultiplex® SRT 219, 319, 619 style housings provide protection from particles and contaminants that reduce the effectiveness of lubricant and hydraulic fluid.
Ultiplex® is a registered trademark of Pall Corporation.

T.R.A.P.™ breathers collect and expel moisture from hydraulic and lube reservoirs – they also prevent particulate from entering.

Lube Filtration

Donaldson lube filters keep oil clean by capturing contaminants that can cause engine damage.

Lube filters capture metals, soot and contaminants to maintain higher cleanliness standards.

Coolant Filtration

Donaldson coolant filters remove contaminants and maintain cooling system balance.

Coolant filters help keep hot-running engines cool and reduce downtime.

Filtration Products for Every Part of Every Vehicle

Fuel Filtration

Donaldson filters help prevent premature pump wear and injector clogging by delivering clean fuel to your engine. They're a better way to filter fuel.

Fuel filters Donaldson provides filtration solutions that protect engine components and help extend equipment life.

Cummins® engines
Donaldson Twist&Drain™ filters with integrated WIF sensors simplify the complicated task of removing water.

Donaldson BLUE

Donaldson Blue™ fuel filters for Cummins® QSK and ISX engines use Synteq XP™ media technology for superior contaminant removal and better particulate retention.

Racor® fuel systems
Donaldson Twist&Drain™ filters with threaded sensor ports work with existing WIF sensors.

Stanadyne® Fuel Manager® FM 100 fuel systems

Universal interface allows one part to fit multiple applications.

Cummins® is a registered trademark of Cummins Inc. Racor® is a registered trademark of Parker Hannifin Corporation. Stanadyne™ and Fuel Manager® are registered trademarks of Stanadyne Corporation.

Bulk Diesel Filtration

Remove contaminants before they enter your equipment's fuel system. Prevent problems and extend service intervals.

Carts are compact and highly portable, include everything needed to pump clean, dry fuel anytime, anywhere. AC and DC models available.

4-Way Manifold
High volume filter system cleans diesel to ISO 14/13/11 or better. Operates at up to 500 gpm /1900 lpm. Ideal for bulk storage tanks.

High Capacity Kit includes dual head, high efficiency diesel filters (2), pressure gauge and flange adaptors.

Clean & Dry Kit includes single heads (2), high efficiency diesel filter, water absorbing filter, pressure gauge (2) and T.R.A.P.™ breather.

Mufflers and Exhaust Accessories

Mufflers Complete line for medium- and heavy-duty diesel powered equipment.

Clamps and accessories
Reduce exhaust leaks and noise with our full line of exhaust clamps.

Filtration Accessories

Reduce costs and eliminate over-servicing with our complete line of air intake, engine liquid and hydraulic filtration accessories.

Finding your Donaldson filter online has never been easier.

DISCOVER.

Looking for a complete filtration system or advice on choosing the right filter option? Go online to **donaldson.com** to learn about the broad range of filtration solutions offered by Donaldson – and to help you decide which option is right for your application.

DECIDE.

If you're an equipment owner that needs to purchase filters and parts – it's easy to find the right Donaldson part, make an online shopping list and even request a quote from one of our distributors. We make finding filters *easier than easy* at **shop.donaldson.com**.
