

Athena Multigear 75W-80

Semi-synthetic manual transmission fluid with multiple applications

Product code: G139

Product Description:

Athena Multigear 75W-80 is a premium semi-synthetic manual transmission fluid recommended for use in a wide range of passenger cars and vans on the road today.

Athena Multigear 75W-80 exceeds the performance levels of more conventional API GL-4/GL-5 lubricants in terms of synchroniser performance, thermal and oxidative stability, shift quality and fuel efficiency. In addition, Athena Multigear 75W-80 allows considerable rationalisation for out of warranty service fill by being able to replace OEM genuine oils.

Benefits:

- Improved synchromesh performance
- Improved shift quality
- Thermal and oxidative stability
- Load carrying and hardware durability
- Pitting resistance
- Shear stability
- Low temperature shift feel
- Seal compatibility
- Corrosion protection

Applications:

Athena Multigear 75W-80 is recommended for use in a wide variety of manual transmissions in passenger cars and vans that are out of vehicle warranty where an SAE 75W-80 viscosity grade is required.
