

The image displays a variety of industrial filters from Donaldson and RE. In the background, there are several large cylindrical air filters with pleated media, some in blue and some in white. In the foreground, there are smaller components: a blue cylindrical fuel filter labeled 'Donaldson BLUE DBF5782', a black cylindrical oil filter labeled 'Donaldson TOP SPIN HD', a white cylindrical fuel filter labeled 'P555686', and a small white cylindrical filter labeled 'P554071'. There are also several smaller, pleated cylindrical filters in white and blue. A black plastic cap or plug is also visible. The RE logo, a yellow circle with 'RE' in black, is in the bottom right corner, with 'RICO EUROPE' written below it.
