

CASE STUDY

Challenges

My fitter sadly passed away a couple of years ago, and since, I have taken on the job doing all the maintenance on the following machines in my fleet... **Ransomes 350D mower, Toro 216D Mower, Merlo Multifarmer, David Brown 996 Tractor, John Deere 1154 rotary mower, JCB 8027 ZTS Excavator, Lister TS2 Generator**, and a **150 x150mm woodchipper**.

As you can imagine there is quite bit to keep track of when it comes to what filters fit to which machine.

How easy do you find it to use and navigate our website?

Extremely Easy

Do you use the email reminders when services are due?

Yes

Do you reorder filters through RE Fleet Manager?

Yes

How useful do you find the Filter Application Guide?

Very Useful

How likely are you to recommend RE Fleet Manager to a friend?

Extremely Likely

Objectives

I was able to add the machine applications for each of my machines in to one centralised place, it made it possible to manage my machinery service schedules.

Solutions

The website is very easy to use and I can easily order the filters I need for the machines in my fleet when I require them.

“Its made it not only easier, but possible”
