LATEST REVIEWS

“Excellent service yet again from RICO, I've used them for machine filters for years and never had a bad word to say about them, Chris and his team are very knowledgeable and helpful with any queries you might have”

“Arrived PDQ, and well packaged thank you.

“All appears to be good value, and quality. I would highly recommend using RE as a starting point when choosing filters for plant/machinery.”

“2 days shipping from the UK? Come on, you must have a Texas warehouse or the pond has shrunk considerably? Anyway, I'm amazed, thanks!”

COMING SOON

We are diligently working behind the scenes to develop the RICO Europe Oil Finder, which we aim to launch soon.

Our Oil Finder will cover a wide range of plant and agricultural machinery, providing information on all types of lubricants suitable for each application.

It will also suggest alternative options and indicate the appropriate areas for each lubricant.
