Welcome to the Latest Edition of our Newsletter!

As we enter the final month of summer, we're excited to offer you a special 10% off discount as part of our promotion—don't miss out on these savings!

Our team has been busy enhancing our part finder database with over 100 new machines and filter application data, making it easier than ever for you to find exactly what you need.

Additionally, we've added some popular Donaldson fuel filters to our website, fitting the JCB 500-Series. Be sure to explore these new additions.

NEW PRODUCT!

»»» SCREEN WASH JOINS OUR EXPANDING RANGE OF LUBRICANTS

We are excited to announce we have recently added Concentrated Screen Wash to our ever-growing product range.

This latest addition is designed to deliver exceptional windshield clarity, ensuring a safer and more comfortable experience in all conditions.

Our Concentrated Screen Wash offers superior performance, effectively removing dirt, oil, traffic film, salt, grease, and insect deposits from your windshield.

Our Screen Wash guarantees a smear-free finish and is free from any unpleasant odours, leaving your windshield spotless and your drive more enjoyable.

A standout feature of our Screen Wash is its versatility.

It can be diluted to suit different weather conditions:

Summer: Dilute 1 part screen wash with 6 parts water for optimal results.

Winter: For colder months, use a 1:2 ratio.

Severe Conditions: In extreme cold, the screen wash can be used undiluted to prevent freezing and ensure continuous clear vision.

We offer our Concentrated Screen Wash in various sizes to meet your needs: **1L**, **5L**, and **25L** containers are **now available** to order.

Enhance your visibility today with RICO Europe's new Concentrated Screen Wash, and experience the difference in quality and performance. Order online or contact us for more details on this product.

NEW DONALDSON FUEL FILTERS!

➤➤➤ NOW AVAILABLE FOR ORDER!

The latest fuel filters from Donaldson are now available for order.

These filters are designed as direct replacements for JCB fuel filters, ensuring top performance and reliability for your machinery.

➤➤➤ NEW DONALDSON FUEL FILTERS

DBF9381
replaces
320/A7184

These filters are specifically engineered to meet or exceed the performance of the original JCB filters, providing you with a cost-effective and efficient solution for maintaining your equipment.

These new filters are compatible with a wide range of JCB machinery, covering models from the 500-Series, equipped with the JCB 430TA5-55 or JCB 430TA4-55E engines.

This compatibility ensures that your machines will continue to run smoothly and efficiently, minimising downtime and maximising productivity.

➤➤➤ WHY CHOOSE DONALDSON FUEL FILTERS?

SUPERIOR FILTRATION

Donaldson is known for their top-of-the-line filtration technology, ensuring that your engine receives clean fuel, reducing the risk of contamination and wear.

DURABLE CONSTRUCTION

Built to withstand the harsh conditions often encountered in heavy machinery, these filters provide long-lasting performance.

LATEST UPDATES

EXOL LUBRICANTS - DATA SHEETS NOW AVAILABLE FOR DOWNLOAD

We're pleased to announce that data sheets for all our EXOL lubricants are now available for download directly from our website.

To access the data sheets, simply visit the product page and look for the "Attachments" section.

COMING SOON

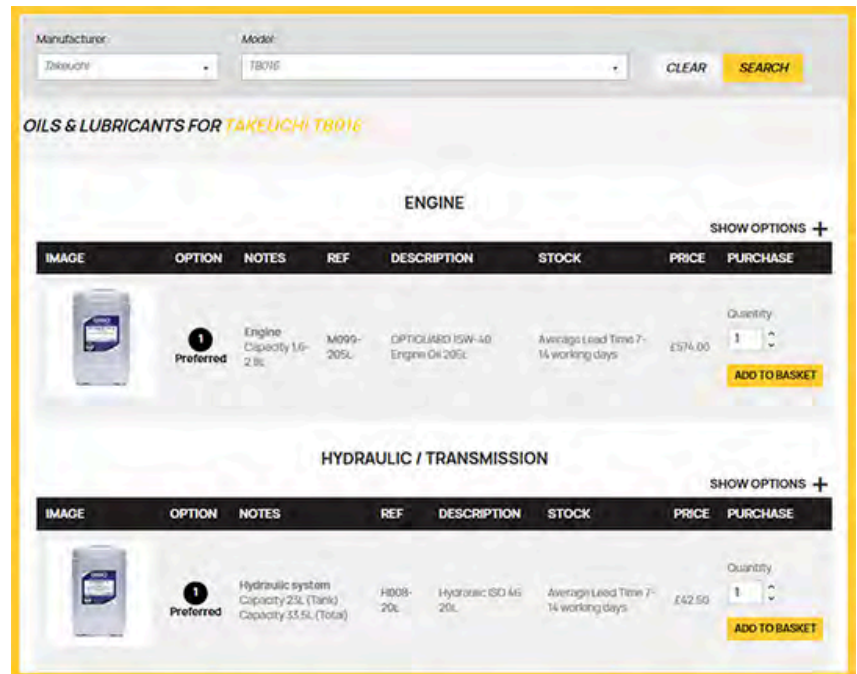

We're thrilled to announce the upcoming launch of our new Oil Finder!

This free service is designed to help our customers easily locate the right lubricants for their plant and agricultural machinery.

Our Oil Finder will offer:

- Comprehensive coverage of our entire lubricant range
- Thousands of machine applications supported
- Real-time stock levels
- Pricing information
- Available alternative options.

Stay tuned for more updates as we get ready to roll out this new tool!

“ LATEST REVIEWS ”

"Arrived PDQ, and well packaged thank you. All appears to be good value, and quality."

"I would highly recommend using RE as a starting point when choosing filters for plant machinery."

"I was pleasantly surprised at the quick service and shipping. Will definitely buy again from this vendor."

"Used before and once again excellent, fast delivery and as described. Parts fitted correctly."

"Quick Great people to deal with Great communication Would recommend and use again Many thanks H"
