>>> IMPORTANT UPDATE FROM RICO EUROPE

As many of you are aware, RICO Europe experienced a major network outage last week, which is still ongoing.

Engineers are actively working to resolve the issue as quickly as possible.

Despite the disruption, we have contingency plans in place and are continuing to process all orders.

We sincerely apologise for any inconvenience this may have caused and appreciate your patience.

Please continue to place orders via our website as usual:

»»» AIR FILTER HOUSINGS & COMPATIBLE FILTERS

Investing in quality air cleaner housings is a small step that leads to benefits for your machinery.

Guardians of Clean Air

First line of defence, shielding your machinery's internal components from dust, dirt, debris, and particles.

Enhanced Performance

When your machinery breathes clean air, it operates at its best.

Extended Lifespan

Reduced wear and tear mean fewer repairs and replacements.

Environmental Responsibility

Air cleaners help your machinery operate within environmental guidelines, minimising its ecological footprint.

Ease of Maintenance

Routine inspections and filter replacements ensure that it continues to provide optimal protection and performance.

Protect your machinery with our high-quality air filter housings—designed for durability, efficiency, and compatibility with our most popular main and secondary air filters.

Find the right housing for your equipment and ensure maximum engine performance and longevity.
