SEPTEMBER 2025

IN THIS ISSUE

Welcome to your September update from RICO Europe.

As the new term begins, operations are picking up pace — and so are we.

Our latest shipping containers are due this week, and we'll be fully stocked and ready for a busy Autumn ahead.

We're also preparing for key industry events — will you be attending Plantworx? We'll be there — come and say hello!

This month, we've added over 200 new access machines to our inventory, along with part finder updates for a range of popular tractors and excavators.

YOUR ONE-STOP SHOP FOR FLEET MANAGEMENT AND MACHINERY MAINTENANCE

Keeping plant and agricultural machinery in peak condition is critical for productivity. Downtime costs money, and delays in sourcing parts can bring entire operations to a halt.

That's why RICO Europe has become the go-to partner for fleet managers, service managers, and machine operators.

We provide everything from high-quality filters and service kits to lubricants and free online fleet management tools—making us a true one-stop shop for machinery maintenance.

Unlike traditional suppliers, we pioneered the concept of filter service kits for plant and agricultural machinery—becoming the first company in the world to package all necessary filters for a specific machine into one convenient kit.

This innovation saves time, ensures compatibility, and makes servicing more efficient.

ADVANCED ONLINE TOOLS TO SAVE TIME AND CUT DOWNTIME

Finding the right part can often be a challenge, but our website makes it simple.

FILTER CROSS-REFERENCE DATABASE

One of the world's largest databases, allowing you to enter any part number and instantly find the correct replacement.

PART FINDER

Enter your machine's make, series, and model to see exactly which filters it requires.

RE FLEET MANAGER

Our free online fleet management software lets you store and manage filter data across your entire fleet. It's designed to help service managers and fleet managers streamline maintenance scheduling and reduce costly downtime.

These tools are constantly updated, giving customers accurate, up-to-date information whenever they need it.

LUBRICANTS FOR PLANT AND AGRICULTURAL MACHINERY

To provide complete fleet maintenance solutions, RICO Europe partners with Exol Lubricants, the UK's largest independent lubricants manufacturer. This partnership allows us to supply the full range of oils and lubricants for plant, construction, and agricultural machinery.

Our Oil Finder tool makes it easy—just input your make and model, and you'll instantly see the correct lubricants for your machinery.

COMPLETE RANGE OF FILTERS FOR PLANT AND AGRICULTURAL MACHINERY

RICO Europe supplies every type of filter your machinery needs:

Air Filters • Oil Filters • Fuel Filters • Hydraulic Filters • Cabin Filters • AdBlue Filters • Air / Oil Separators • Housings • Water Filters

WHY CHOOSE RICO EUROPE?

For fleet managers, service managers, and machine operators, RICO Europe delivers:

- A complete filter range covering air, oil, fuel, hydraulic, cabin, and AdBlue
- Innovative service kits for plant and agricultural machinery
- The world's largest and most accurate cross-reference filter database
- Free and easy-to-use fleet management software
- Full lubricant coverage through our partnership with Exol.

Whether you manage a small fleet of agricultural machinery or oversee large-scale plant operations, RICO Europe is built to make your job easier.
